<p>In 2016 the 23-year old singer embarked on her biggest adventure yet: „Expedition Happiness“. Together with her partner and film-maker Felix Starck she converted a 40 foot school bus into a loft on wheels and traveled through North America for one year. On glaciers in Alaska and in the jungle of Mexico, on mountain peaks and in the desert, MOGLI found inspiration for her second album „Wanderer“. Having her piano and guitar on board made it possible to write songs literally in the middle of nowhere.</p>
